**Additionally you need:**

Pencil

**Instructions:**

**1** Clean the bamboo to-go cup with detergent. The cleaning allows the paint to bond optimally with the substrate.

**2** Fix the reversed cup as centrally as possible on the rotating plate with adhesive dots.

**3** Hold the brush soaked with Chalky Finish for glass at the appropriate spots and at the same time, rotate it with the other hand on the rotating plate.

**4** This technique allows you to narrow the spacing of the stripes as if you were masking with the masking tape.

Let the paint dry well out.

**5** Write down your own name on paper to personalize the bamboo to-go cup. Then transfer the motif to the cup with transfer paper and a pencil.

**6** With the All Purpose marker in gold write the letters and for the dots, use the small sponge stamp and a colour mixture out of the two gold tones of the Extreme Sheen paint.

**7** At the center of the lid, stamp the pink Chalky Finish paint for glass by means of the large sponge stamp. Once this circle has dried out, use the small stamp in the salmon pink colour to define the center of the circle. Draw small dots on the outer edge of the circle-shaped motif with the golden All Purpose marker.

**8** Let the paint dry out for about two days. Now, you can put your very personal to-go cup in a dishwasher.
