CRAFTING TIP

GB

Nicely snowy.
Your perfect winter day in
mini format!

PRODUCTION TIME
15 MIN

LEVEL OF DIFFICULTY

Used items:

39 498 000	Plastic mini cake stand with dome bell	2 pcs
46 320 000	Plastic miniatures Sledge for children	2 pcs
46 319 000	Plastic miniatures Deer	3 pcs
66 067 000	Deco-fir tree, snow-covered	3 pcs
38 013 000	Modelling snow	2/3 bag
39 421 120	Effect-glitter, ultrafine, irides., moonstone	some
55 763 616	Lurex tape, gold	20 cm
60 977 102	Glitter Tape, 8 mm, white	20 cm
33 395 00	Special double-sided adh.tape, highly transp.	40 cm

Additionally you need:

38 031 00	Metallic spatula with flexible blade
89 380 00	Craft scissors

Instructions:

- 1 Take the modelling snow out of the bag by means of the metallic spatula and model it in the form of a hill and a snowy landscape as a ground. At the stand with the sledger, trace the tracks of the toboggan run.
- 2 Strewn the effect-glitter over the still wet modelling snow. Now, push slightly the sledger, the trees and the deer into the modelling snow. Let it all dry well overnight.
- 3 Now, stick onto the rim of the mini stand cake, at first the double-sided adhesive tape, then affix thereon the lurex tape.

- 4 Stick the glitter tape onto the other mini stand cake. Regarding the glitter tape, it is recommended to halve the tape and work with a width of 4 mm. This results in fewer wrinkles when covering with the adhesive tape.

To seal the dome bell, you can use small pieces of the double-sided adhesive tape.

Tip: The mini cake stands look also great while being hung. For this purpose, a nice string can be used as a suspension.
