- Remove afterwards the label with for e.g. the tip of the wooden skewer or a head pin.
- Before decorating and hanging the tag, allow it to dry out completely for several days. In addition, pull the decorative string through the hole of the tag and thread the glass large hole wheel bead on.
- At the end, tie a knot on the decorative string.
- Now, you can further decorate the tag by affixing some checked ribbon, a wooden flower and a feather with the help of the hot glue gun.
