38 000 564	All Purpose paint, mouse grey	1/30 bottle
33 086 00	Adhesive stick Quickie-Glue	1 pcs
39 420 620	Spangle, ultra-fine, PET brilliant gold	1/30 bottle
55 799 000	Larch twigs with cones	5 pcs
56 667 000	Larch cones	6 pcs
69 137 000	Micro LED fairy lights with wire	1 pcs
38 708 000	Snow-Pen	1/10 bottle
46 316 000	Wooden motifs, trees+deer+roe deer, FSC 100%	1 package
55 763 616	Lurex tape gold	2 m

Additionally you need:

38 241 00	Paint sponge
33 376 00	Mini hot glue gun (at low temperature)
89 378 00	Craft scissors, 17 cm

Small saw or pruning shears (for the driftwood branches)

Instruction for the larger star:

- 1 Wipe the outer wide edge of the wooden star with water-diluted All Purpose paint (mouse grey) by means of the paint sponge.
- 2 Circle the outer narrow edge of the star with the Quickie-Glue adhesive stick and sprinkle it with the ultra-fine brilliant gold spangle.
- 3 Sprinkle in the same way the wooden motifs – trees + deer + roe deer – with the adhesive stick Quickie-Glue and the ultra-fine brilliant gold spangle.
- 4 Affix the fairy lights to the rear side of the star by means of the hot glue.
- 5 Then, glue the cut-to-size driftwood branches, the glittery wooden motifs as well as the remaining larch twigs and cones into the star by means of the hot glue.
- 6 Decorate the lower part of the star with the Snow-Pen and at the same time, you can cover it with some hot glue.
- 7 At the end, wrap the golden lurex tape around the star.

Used items for the smaller star:

62 829 000	Set of wooden frames Star, FSC MixCredit	small
65 229 000	Driftwood branches, natural, 0.8-1.2cm ø	5 pcs
55 799 000	Larch twigs with cones	4 pcs
