| 33 364 00 | Hot glue gun |
| 37 107 00 | Flat brush |
| 89 545 000 | O-clip pliers for jewellery |
| 27 285 00 | Hobby knife, 14 cm |

Instructions:

- 1 Cut the dried floral foam brick to size by means of the hobby knife.
- 2 Place afterwards the dried floral foam brick in the decorative bowl in cement-look and glue it firmly with the hot glue.
- 3 Coat the upper side of the foam brick with the craft glue.
- 4 While the glue is still wet, lay on the ground by means of the granulates and the dec-snow.
- 5 Then place the garden furniture (bench, arbour, instant fence) at the desired location.
- 6 Fasten the decorative plants (fir branch, iced decorative & boxwood branch) by means of the stem wire and insert them into the dried floral foam brick.
- 7 At the end, decorate the winter-gardening box with the deco-fine scatter snow, snowballs, larch cones and wooden skis.
