Bamboo to-go cup „Toms Coffee“

Used items:

46 326 000	Bamboo to-go cup 600 ml, 10 cm ø	1 piece
38 867 408	Chalky Finish, mint-green	1/30 can
28 390 576	Stamp pad "Memento", black	1 piece
81 021 31	Decorative corrugated cardboard, natural	1/20 sheet
29 061 000	Stamp Mandala-flowers, 3 cm ø	1 piece
38 260 06	Marker, fine tip "S", gold	1 piece
29 019 000	Word tape stamp	1 piece
30 202 000	Double-sided adhesive tape, extra strong	5 cm

38 434 00	Sponge stamp
89 378 00	Craft scissors

Additionally you need:

Dishwashing detergent and sponge, template of the cup sleeve, masking tape/pencil

Instructions:

1 Before you start designing the bamboo to-go cup, clean the cup and lid with a sponge, detergent and water. Let the cup dry well out so that the absorbent surface can absorb the paint well.

2 Now, affix the masking tape, 7 cm from the bottom edge, onto the cup. To spread the Chalky Finish mint-green paint evenly on the stamp Mandala-flower, use one of the sponge stamps from the set. The medium and large sponge stamps are best suited.

3 Dab the paint into the sponge stamp and then apply a little pressure on the stamp. Repeat this step after each stamping.

4 The stamping: due to the rounding of the cup, it is recommended to roll the stamp from one side to the other. Put motif on motif to achieve a nice all-over pattern.

TIP: In case of need, if the stamp impression has not turned out well, you can immediately wipe off the paint on the bamboo cup with a damp sponge!

5 In the middle of the cup lid, stamp a Mandala flower as well.

6 Print out the template of the cup sleeve and cut it out by means of the craft scissors.

7 Draw the pattern on the smooth side of the corrugated board and place it in such a way that the waves are perpendicular to the cup sleeve. Cut it out, too.

8 Stamp your personal text with the word tape stamp and the stamp Mandala-flower by means of the black Memento stamp pad - also on the smooth side of the cup sleeve.

9 Pull off the masking tape from the cup. Decorate the edge of the cup sleeve with an even line by means of the gold All Purpose marker.

10 Finally, tape the cup sleeve relatively centrally on the cup with the double-sided adhesive tape.

11 Let the paint dry for at least 24 hours before using the bamboo cup.

12 Afterwards, you can rinse the bamboo cup (without the cup sleeve) by hand wash or clean it gently in the dishwasher at approx. 65° C.

13 The colour is additionally fixed by rinsing in the dishwasher.
