# Natural soap with a leaf

[WWW.RAYHER.COM](http://WWW.RAYHER.COM)

## Used items:

<b>34 228 000</b>	Creative-soap, opaque	about 120 g
<b>34 228 000</b>	Creative-soap, opaque	about 120 g
<b>34 233 000</b>	Soap casting mould: rectangle	1 piece
<b>34 246 532</b>	Soap colour, nougat	2 drops
<b>34 250 000</b>	Soap fragrance oil, vanilla	1-2 drops
<b>34 277 000</b>	Labels GB: "enjoy", leaf	1 piece
<b>73 113 521</b>	Card A4, plain, FSC Recycled Credit, kraft	1/12 sheet

## Additionally you need:

Stove, pot, melting pot, scale, small plastic container, craft stick as a stirrer or teaspoon, tablespoon

## Instructions:

**1** Melt the creative-soap in a water-bath on the stove (max. 60° - do not boil).

**2** After a complete melting, stir in the plastic container into the liquid soap two drops of the nougat soap colour and 1-2 drops of the fragrance oil vanilla.

**3** Therefore, use a craft stick or a teaspoon.

**4** For the soaps with motif or logo, place upwards the label with the stamping. To avoid blistering or slipping of the label, use at best a tablespoon with which you fill the casting mould with the liquid soap.

**5** Let the soap dry well out (at least 2-3 hours, ideally one day). Demould the soap by a slight pressure.

**6** Remove the label at best with a pointed object e.g. a needle.

**Tip** Let the finished soap dry at best for 2-3 weeks; the longer it ripens, the firmer becomes.

**7** Depending on the temperature and airiness, the soap can perspire. We therefore recommend to wrap the soap after its demoulding in a transparent foil for flowers (cellophane).

**8** Clean the soap casting mould and the pots with hot water.
